

# FOR EVERY TEAM

For over 30 years we have been equipping teams quickly and reliably. From the amateur to the professional level. Over 100.000 clubs in more than 50 countries are part of our success story. We are proud of this and therefore dedicate our Teamsport catalogue to you this year. Under the motto „BE PART OF OUR TEAM“, we asked you to send us your most emotional cheering pictures and best match scenes from your sports. A selection of them made it into the team sports catalogue.

Will you also be there next time?

# IN EVERY LEAGUE

From the football pitch to the gym: professional clubs and associations in Germany and all over the world rely on JAKO. Representing all JAKO teams, they show what our vision is all about: together we want to live team spirit and be ambassadors for sport. **WE ARE TEAM!**

## OUR TEAM FOR A BETTER WORLD

Sustainability for us is the responsible use of resources and long-term oriented corporate management. Above all also the fair treatment of people. On the one hand with our suppliers and their employees. But especially with us in the JAKO Teamcenter as well as with our retailers and clubs. On our "Our team for a better world" website we would like to tell you more about our goals and projects on the topic of sustainability. Tell us about your ideas there too! We want to learn from you and network with you. Together we can make the world more sustainable every day. Our team for a better world!

## JAKO FAIR

With the JAKO Fair label, we mark articles made from more sustainable materials.

100 % of the materials used are made from recycled raw materials or organic cotton.

At least 50 % of the materials used are made from recycled raw materials or organic cotton.

During regular visits, the CEO, Nadine Sprügel, personally convinces herself of the quality of production.

With the JAKO recycling truck, we have already taken the first steps towards a complete recycling economy.

# SUSTAINABILITY

IS TEAMWORK

## SUPPLY CHAINS

It is important for us to know where, by whom and how our articles are produced. Therefore, suppliers are carefully selected and regularly visited. We concentrate on a few main suppliers with whom we have a long-term and very cooperative relationship. This increases transparency and enables consistently high quality and fast delivery times for our customers. In many personal discussions, we work out concepts and solutions with our long-term partners on the responsible social and ecological issues in order to manufacture our products in a fairer and more ecologically sustainable way.

## RECYCLING MANAGEMENT

In summer 2022, we collected discarded sportswear together with our partner clubs in Germany and Switzerland. In the future, we would like to return these to the cycle in a meaningful way and give them a second life. In the next step, together with our cooperation partner, we will produce new yarn from the discarded garments, which in turn can be used for new JAKO articles.
